Discord Stats Bot - 500 USDC

Our protocol expands so we should provide more detailed analytics on key metrics and their changes daily. For that we need a discord bot that updates info channels and posts stats in stats channel

Metrics to track and report to stats channel:

- TVL
- Loans issued
- Pools trades made
- Top-1,2,3 Pools on APY
- Top-1,2,3 Lending pools on APY

Can be based on:

- Pools public data (Vybe GraphQL)
- Loans public data (Vybe GraphQL)
- frakt-sdk (to be released)
- frakt API (to be released)

Please contact @0xlarry#9659 on Discord with all questions
